

Très Bien
to
Sally Dubuque
Gordon

Villa Duchesne Class of 1977

In the book, *Journey of the Heart*, it is said that Saint Madeleine Sophie founded the Society of the Sacred Heart to save souls; “Her goal was to educate girls so that they could have a transforming influence in society.”

Today the Villa Duchesne-City House Alumnae honors Sally Dubuque Gordon, Class of 1977, with the Sister Mary Gray McNally Très Bien Award. In her years since graduation, she has been a quiet and strong leader, living out the principles that she learned in her Sacred Heart education.

Her sense of responsibility and dedication to goodness have led her to support many worthy endeavors. She was a Board Member of the Charless Home for the Aged. Presently, she works with the Ladue Garden Club and continues to raise awareness of Project Crudem, a mission hospital and clinic in rural Haiti. She is an advocate for causes that promote the sanctity of life from conception to natural death. Her love of her alma mater is evidenced by her dedication and tireless volunteer work at every level in the school. She continues to spread Christ’s love of souls to everyone she encounters.

What an outstanding example Sally is of Sister McNally’s exhortation to her students: “Stand always for the truth, no matter what the cost!”

Congratulations, Sally, and *Très Bien*.
