

# *Très Bien*

to

## *Jacquelin Savage Naunheim*

*City House Class of 1953*

When Jackie graduated from her beloved City House and walked into her future she carried with her deeply embedded values and ideals lovingly instilled by the religious who so touched her heart.

A devoted wife and loving mother of six children, Jackie had ample opportunities to nurture her growing family by imparting to them her deep faith and values she so cherished.

When the demands of motherhood lessened, Jackie was able to pursue interests and projects that would benefit from her selfless generosity and concern for others. Her dedication was limitless, her enthusiasm contagious. Devotion to her church motivated her to contribute in many and varied ways, serving as a lector and Eucharistic Minister and on the finance committee at the Church of the Annunziata. Jackie actively served on the Alumni Board at Maryville University. Currently she is on the board of the Missouri Botanical Garden and President of the Ladue Garden Club, which supports numerous charitable projects. Cardinal Ritter Senior Services has been the recipient of her organizational skills.

Jackie has never said “no” when asked to contribute her time, talents and experience in a worthy endeavor. Her contributions so generously and graciously offered are indeed many and impressive, but the real measure of success is not this list of achievements and activities alone. It is judged by her inner spirit of dedication to others and the way she has enriched the hearts and lives of loving friends with her loyalty and her wondrous sense of fun and laughter shared.

Jackie, we celebrate with great joy your most deserving *Très Bien* award for a “True Child of the Sacred Heart.”
