

Très Bien
to
Carol Malone

City House Class of 1953

We have come here today to honor and celebrate with an outstanding alumna of her beloved City House, one who embodies the high ideals and values so deeply rooted in her throughout her twelve years as a Sacred Heart student.

Carol's compassion for others and generous response to their needs has manifested itself in her tireless and loving acts of kindness to countless family and friends whose lives she has touched and enriched.

After her retirement, Carol volunteered for several years at St. John's Hospital. Since then, she has brought her special gifts of nurturing and loving attention to the retired Jesuits at Fusz Memorial Hall on the St. Louis University campus. She continues to perform countless acts of kindness, providing companionship and devotion to these men of God. Weekly she shops for them, helps with correspondence, or just joins in happy conversation with them. Her warmth and humor have brightened the lives of her "boys!"

Carol, my dearest friend and confidant for 62 years, is a blessing to all who have known her – the personification of a "True Child of the Sacred Heart."

We rejoice with Carol, recipient of the 2008 *Très Bien* Award.
